

MUSIK MOT CANCER

We would like to present Music Against Cancer

Music Against Cancer is a non-profit organization whose only purpose is to collect money for donations to different organizations to help them in the fight against cancer.

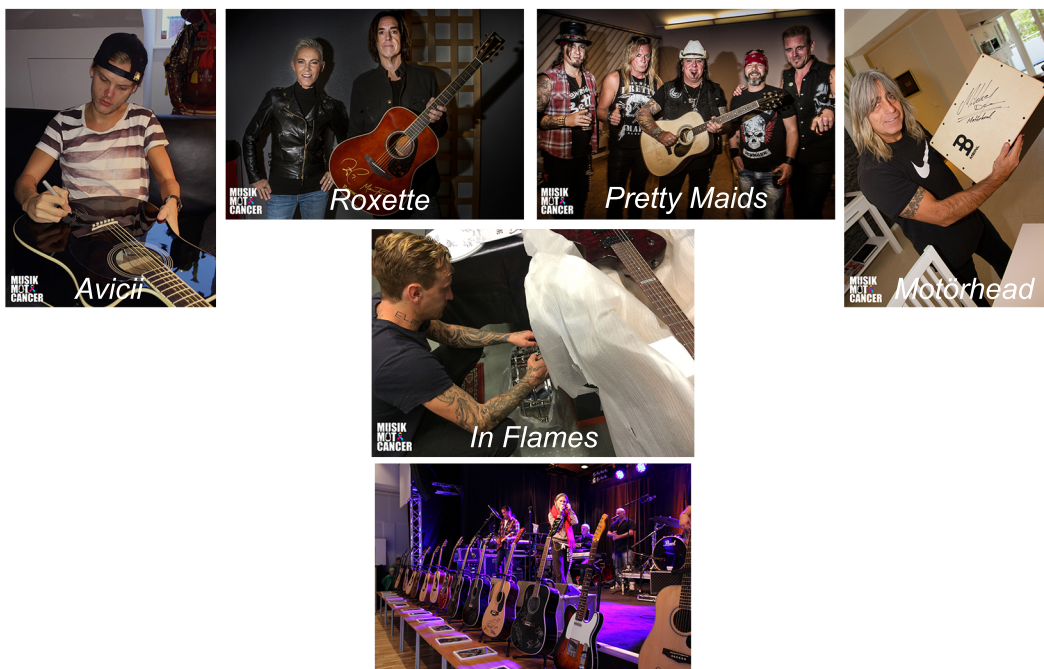

We are a group of volunteers with a burning passion that work tirelessly for this cause on a daily basis, culminating in an annual music event at which we present the chosen charities with their donations.

Our main aim is to collect signed musical instruments & memorabilia of any sort from artists around the world that we then auction off live & live online world wide at our annual event in Trollhättan, Sweden. We also have a web shop with all kinds of Music Against Cancer merchandise that helps generate even more money for our donations.

At our first auction last year we had signed instruments & memorabilia from over 40 artists, including Avicii, Roxette, Motörhead, Pretty Maids, ACE Wilder and In Flames just to name a few, these were auctioned off at our live event & live online to people from around the world, but it was not just the auction, we also had a live concert with different Swedish artists and guests and all kinds of musical activities throughout the day, with all profits made being donated to the Children's Cancer Foundation West and for the care of all children and young people suffering with cancer at a large regional hospital. We managed to collect a grand total of over 300.000kr or 35.000 dollars towards the fight against cancer.

We are now well on our way to our next annual event/auction and would hugely appreciate the support of any artists or companies around the world that can help us, we want our organization to grow so we can help more and more people in their fight against cancer.

We hope you will be part of our fight, together we have a chance.

If you would like to help us in any way please contact us at
