

# Our Story

**Music Against Cancer** is a non-profit organisation that was formed by volunteers in the spring of 2014. Our organisation is dedicated to collecting money to help children and young people affected by cancer. In 2014 the funds were donated to the The Swedish Childhood Cancer Foundation West and for the care of all children and young people suffering with cancer at a large regional hospital. The founder of Music Against Cancer is **Jan Sjölund**, former co-owner of JSL Sound in Trollhättan.

*“Cancer is something that unfortunately affects everybody in one way or another. Someone in the family falls ill, a friend, it’s sad to say, we all have someone we know is suffering from the disease. I felt I wanted to do something for all those who are affected directly or indirectly. And then I had the idea to put together a group that has a burning passion for this cause. Together we have now created a family day Event where artists perform and we auction off the signed musical instruments that we have collected. We believe this yearly event to be a good way to draw even more much needed attention to this awful disease.”*

Timbuktu

The **Solid Sound** festival in Uddevalla was hosted by **Jason Diakité** from Skåne, better known as **Timbuktu** who also signed a guitar.

It turned out that October would be the best month we have had so far for signatures. First out was a visit to Haga, Gothenburg, and **Håkan Hellström**. A fantastic guy with his heart in right place. He signed a guitar, books, records, DVDs and pictures. Then there were three visits to Stockholm in a short period of time. The first trip we had the pleasure of meeting **Peter Lemarc** who signed lots of CDs and one very nice guitar. A fantastic guy!

**Avicii** was next up, but we never got to meet him personally as he was sick, but his assistant Fredrik made sure we got a DJ mixer and a bunch of CD signed. What great service. The week after that it was once again time to visit the capital, this time Swedish legend **Tomas Ledin** invited us to his record company for coffee and talk about Our project. Discs, DVD, Guitar and a couple of ukuleles were signed. A quick stop in Värtahamnen and a signed guitar from **Fredrik Wikingsson** before the airport bus to Bromma was the last stop of the day. The best way to get to Stockholm is to fly and **Golden Air** who made sure that we could do this a number of times by way of their kind sponsorship.

The third trip of 840 km was done by car, **Nywall & Tobiasson** did the return trip during one day to meet **Per Gessle** and **Marie Fredriksson** from **Roxette**. They were rehearsing in the South of Stockholm their upcoming World tour, we also got to listen to Maries amazing voice. Discs, books, DVDs and three guitars were signed which made the 11 hour car journey worth every minute.

D-Day for us was the 16th of November 2014 when Music Against Cancer had organised its first big family event and auction at **Trollhättans City Hall**. Several artists performed live on the big stage both before and after the auction, where we auctioned off the signed instruments and musical memorabilia we had collected during the year.

A music market also took place, where both music stores and private people sold all kinds of music related stuff on site. **Ebbot Lundberg** and **Ace Wilder** entertained the crowd on the big stage with backing from **Funk Connection**. The auction was executed by the pride of Värmland, **Peter Pettersson** and was a raging success, we managed to raise an amazing **260,000kr!**
